

Legal Document Processing

Support services for law firm practice areas

Integreon brings deep expertise and an understanding of the unique document requirements for many practice areas within a law firm. Our processes and experience also allow us to operate as an extension of our clients' teams.

Intellectual Property

Our IP document specialists provide support across all phases of patent prosecution including submissions to the USPTO. Your IP practice group will benefit from 24/7 document support that improves turn times, assist with USPTO acceptance, and takes the administrative burden off of high-value attorneys. We have helped our clients in the following areas:

- 01** Patent / figure drawings
 - Create or modify drawings in programs like Visio
 - Proof figures in patent application
 - Format existing drawings to USPTO specifications
- 02** Patent applications
 - Formatting application document in Word or PDF form
 - Proofread application for spelling, punctuation, and grammar
 - Create change summary for specifications
- 03** Formatting to USPTO standards
 - Remove embedded fonts
 - Reduce PDF size
 - Enhance and maintain image quality
 - Insert/correct paragraph numbering
- 04** Amendment Shell Creation
 - Create shell templates based on original application
 - Maintain quality and format of application
- 05** Transcribe Inventor Interviews
 - Transcribe audio files using foot pedals
 - Output into Word format
 - Provide guidance on most efficient transcription technologies

Corporate

We understand that demands of corporate clients often differ from those of clients in other practice areas. With documents flowing from client to counsel and back, attorneys spend valuable time on tasks such as editing, formatting, and proofing. Our legal document processors are highly experienced in the quick turnaround required in the corporate practice and partner with attorneys to take the menial tasks off their plate, allowing them to maximize their time on client needs. Your corporate law attorneys will benefit from:

- 01** Templates, agreements, and SEC filings
 - Create document templates for commonly used agreements
 - Assist with DocuSign
 - Format financial tables
- 02** Edit and Proofreading
 - Proofread document for spelling, punctuation, and grammar
 - Defined terms checks
 - Redlines
 - Edit according to attorney instructions
- 03** Document conversion and formatting
 - Format using firm-defined document templates
 - Convert documents into editable formats
 - Reformat files from clients and laterals

Litigation

In a document-heavy practice like litigation, document support is essential. Let our expert legal document processors support your firm's litigators in all jurisdictions and stages of the process. Our teams will help with document-related tasks from formatting and proofreading briefs to transcribing depositions. Our clients depend on us for tasks such as:

- 01** Formatting documents from all jurisdictions
 - State, Federal, and Appellate courts
 - Edit and format discovery documents
 - California pleadings
 - Create response shells
- 02** Finalize documents for filing
 - Create and update TOAs and TOCs
 - Proofreading for spelling, punctuation, and grammar
 - Hyperlink e-briefs
- 03** Transcription
 - Transcribe video/audio evidence into text format
 - Depositions and court proceedings
 - Support use and adoption of transcription technology
